

## About NSS

The National Service Scheme falls under the Ministry of Youth Affairs and Sports, Government of India, NSS cell, Higher and Technical Education, Govt. of Maharashtra. Launched in Gandhiji's centenary year, 1969–70, NSS

NSS began in the Nutan Maharashtra Institute of Engineering & Technology, Pune, knowing the necessity for the social development of young people in the technical field to serve society efficiently.

The program intends to give society better service by means of voluntary work and to instill social welfare in pupils. NSS volunteers strive to make sure everyone in need receives assistance to improve their standard of living. Volunteers for the society gain knowledge on how to lead a decent life despite limited means, how to execute different social activities, and how to operate in a team efficiently.

NMIET NSS team perform social work by dividing the work in two verticals

1. Regular Activities
2. Special Winter Camp

### Objective

To inculcate social values and social awareness among the students and provide service to society through programs.

### Outcome

Outcome of NSS activities is judged based on number students enrolled vs number of students benefited through the programs.
