

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust.

The vision of the institute is

“To be a recognizable institution for providing quality technical education & ensuring holistic development of students.”.

The technical education gained by the major stakeholder student will be largely used in the industry to cater the needs of the society at large. This goal can be substantially achieved through one of the missions of the institute “To nurture engineering graduates with highest technical competence, professionalism and problem solving skills to serve needs of industry & society”. The various steps towards achieving the vision and mission, the institute received platinum award for Industry link in CII Survey 2020-21. NMIET has established an Industry Institute Interaction Cell as a distinctive step.

The main objectives of the cell are to connect with the industry on different platforms through following activities:

- Industry internship for students of 2 to 6 months
- Industry projects
- Industry visits
- Industry expert’s session
- Industry and expo visits for the students
- Lab development with the help of industry
- Training
- Placement
- Industry training for faculty
- Training to industry personnel by faculty in 2020-21

Following activities were carried out in the institute with the help of ‘Industry Institute Interaction Cell’ of NMIET:

- Industrial training to 6 faculty members of the institute. The collaboration enables the faculty to impart knowledge and technical skills of highest standards which is one of the missions of the institute.
- Industry Internships to approximately 170 students
- Approximately 20 guest lectures by industry experts for students
- Number of industry projects around 20 for AY2020-21
