## What is Real Education?

Education is the manifestation of the perfection which is already in Human. We want that Education by which Character is formed, Strength of Mind is increased, Intellect is expanded and by which one can stand on One's own feet.

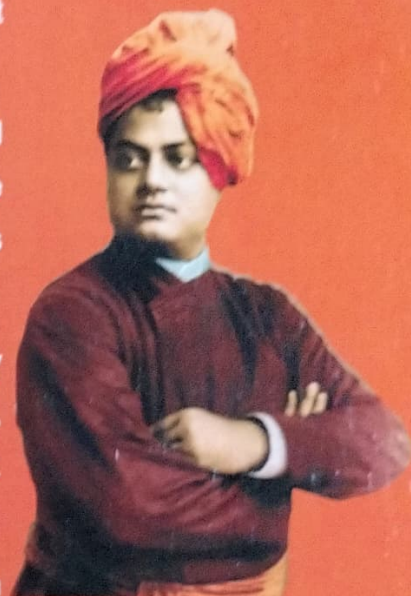

Teach yourselves, teach everyone his real nature. Call upon the sleeping soul and see how it awakes; Power will come, glory will come, goodness will come, Purity will come and everything that is Excellent will come, when sleeping soul is raised to self conscious activity.

Each soul is potentially divine; the goal is to manifest the divinity within. Do this by controlling nature external and internal, by means of work, or worship, or psychic control, or philosophy; by one or more or all of these and become free. This is the whole of religion. Doctrines, dogmas, rituals, books, temples, forms, are but, secondary details.

Be not afraid of anything; you will do marvelous work .The moment you fear you are nobody; It is fear that is the great cause of misery in the world. It is fear that is greatest of all superstitions. It is fear that is the cause of all our Woes and it's fearlessness that brings heaven even in a moment. Therefore,

**'Arise, Awake, and Stop not till the Goal is reached'.**

-----Swami Vivekananda
