(e.g. Teaching/Trainee Engineer/Software Engineer/Field Job/Own Business/Higher Studies/Other)

I have faith in my country, and especially in the youth of my country. My hope is in you. With an immense amount of feeling and enthusiasm in the blood, will come heroes who will march from one corner of the earth to the other, preaching and teaching the eternal spiritual truths of our forefathers. And this is the great work before you. Each one of you has a glorious future if you dare believe me. Have tremendous faith in yourselves, like the faith I had when I was a child, and which I am working out now. Have that faith, each one of you, in yourself — that eternal power is lodged in every soul — and you will revive the whole of India. Ay, we will then go to every country under the sun, and our ideas will before long be a component of the many forces that are working to make up every nation in the world. We must enter into the life of every race in India and abroad; we shall have to work to bring this about. We must go out, we must conquer the world through our spirituality and philosophy. There is no other alternative, we must do it or die. The only condition of national life, of awakened and vigorous national life, is the conquest of the world by Indian thought. Therefore, "Arise, awake, and stop not till the goal is reached."
